

The EITI International Secretariat is seeking to recruit a consultant to support the government of Ghana and the EITI MSG with a commodity trading pilot. The consultancy includes:

- (i) collecting, reviewing and analyzing data on volumes, contracts and liftings of government oil and gas;
- (ii) providing a clear description of flows of funds into and out of Ghana's account from the sale of government oil and gas, including pricing, in-kind payments and beneficial ownership disclosure of trading companies;
- (iii) producing an inception report, outlining the scope as agreed by the multi-stakeholder group and the methodology of reporting on commodity trading;
- (iv) producing Ghana EITI's commodity trading report.

The TOR for the assignment is attached. The consultancy is funded by the EITI International Secretariat. Kindly submit your CV and a brief technical and financial proposal to EITI International Secretariat (pvalverde@eiti.org) by 17:00 Central European Time on 29 January 2018. The financial proposal should include all applicable taxes and estimate the total cost.
